

## Over the Hill? The Doctor is in!

Did you know that you should contact your FAA Medical Examiner if you become aware of a developing medical issue? It is an important responsibility of any airmen to ensure that they meet the qualifications for a medical certificate before they fly, but what are they? Featured speaker and AME Dr. Richard Kaplan will discuss what you need to know before you fly.

**Directions:** Airport Authority Conference Room

### A message from the National FAASafety Team Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
